## STATIONAIR TC

# OPTIONAL EQUIPMENT SELECTION GUIDE

EFFECTIVE FOR AIRCRAFT TO BE DELIVERED IN 2016

DECEMBER 2015

## INTRODUCTION

This list is to be used in conjunction with the applicable Specification and Description. Cessna reserves the right to add, modify, or delete options without prior notification.

### NOTES:

#### 1. “Provisions Only” Statement of Understanding

At Purchaser’s request, Seller may agree to make provisions for a system in the Aircraft. Seller will do this in order to facilitate completion of the system at a time preferable for Purchaser subsequent to delivery.

Purchaser understands and agrees that Seller’s liability for any such provision is governed by the warranty expressed in the Purchase Agreement. In addition, if Purchaser has the Aircraft modified to upgrade a provisional configuration to a fully functional configuration, Seller will warrant the functioning of the modified configuration if, and only if, the modification is accomplished at a Cessna Authorized Service Facility.

Purchaser further understands that the provisions made are designed to accommodate a system as defined at present by Seller, and that Seller reserves the right to discontinue or change any system without notice. Accordingly, Purchaser acknowledges that the equipment required to render a provisional installation fully functional may not be available in the future and in such a case Seller bears no obligation to substitute for, remove, or complete the provisional installation.

2. Purchaser acknowledges that Seller assumes no responsibility or liability for equipment installed on the Aircraft in addition to the standard aircraft at a completion center other than the factory or Cessna Authorized Service Facility.
3. Optional equipment and vendors are subject to change without notice.

### DEFINITIONS:

1. STD = Standard equipment
2. N/C = No additional charge
3. □ #### = Factory kit number for optional equipment
4. TBD = To be defined

# STANDARD AIRCRAFT

	Standard Empty Weight	Base Price (USD)
G1000 EQUIPPED CESSNA T206H	2,336 lb.	\$664,350
AVIONICS	<ul style="list-style-type: none"> <li>• Hand Held Microphone</li> <li>• Alternate Static Source</li> <li>• Compass</li> </ul>	
<ul style="list-style-type: none"> <li>• GMA-1347 Digital Audio Panel with Marker Beacon/Intercom</li> <li>• GTX-33 Transponder-Mode S w-TIS</li> <li>• GIA-63W NAV/COM/GPS/WAAS with GS #1</li> <li>• GIA-63W NAV/COM/GPS/WAAS with GS #2</li> <li>• GDU-1044B Primary Flight Display (PFD)</li> <li>• GDU-1044B Multi-Function Display (MFD)</li> <li>• GEA-71 Engine/Airframe Computer</li> <li>• GRS-77 Attitude &amp; Heading Reference System (AHRS)</li> <li>• GDC-74A Air Data Computer with OAT Probe</li> <li>• GMU-44 Magnetometer</li> <li>• Garmin SafeTaxi &amp; FliteCharts</li> <li>• GFC-700 Autopilot               <ul style="list-style-type: none"> <li>• Go-Around Switch</li> <li>• Electric Trim</li> <li>• A/P Disconnect</li> <li>• Control Wheel Steering Button</li> </ul> </li> <li>• Electronic Checklists</li> <li>• ME406 Two Frequency Emergency Locator Transmitter</li> <li>• Emergency Locator Transmitter Remote Mounted Switch</li> <li>• Backup Attitude Gyro, Altimeter and Airspeed Indicator</li> <li>• Control Wheel Push-To-Talk Switch-Pilot/Copilot</li> <li>• Mic &amp; Phone Jacks-Pilot/Copilot/Passengers</li> <li>• Auxiliary Stereo Input Jack</li> <li>• Antennas:               <ul style="list-style-type: none"> <li>• Marker Beacon Antenna</li> <li>• Transponder Antenna</li> <li>• VHF/GPS Antenna (2)</li> <li>• NAV Antenna</li> <li>• Emergency Locator Transmitter External Antenna</li> </ul> </li> <li>• Pitot System - Heated</li> <li>• Static System</li> </ul>		

## OPTIONAL EQUIPMENT

		Price (USD)	Estimated Weight (lb)
<b>FLIGHT DECK</b>			
□604ADF	<b>AUTOMATIC DIRECTION FINDER (ADF) KR-87 BENDIX/KING</b> The KR-87 Bendix/King Digital ADF is a panel-mounted, digitally tuned automatic direction finder. Provides continuous 1-kHz digital tuning in the frequency range of 200-kHz to 1799-kHz and eliminates the need for mechanical band switching. The system has a receiver, a built-in electronic timer, a bearing pointer shown on the G1000 Horizontal Situation Indicator (HSI) and a KA-44B combined loop and sense antenna. Controls for the Bendix/King Digital ADF are achieved through the panel mounted receiver. The Garmin GMA 1347 Audio Panel is used to control audio output. Can be used for position plotting, homing procedures and for aural reception of amplitude modulated (AM) signals.	\$7,445	8.20
□604DME	<b>HONEYWELL DME</b> Distance measuring equipment (DME). Honeywell KN-63 receiver, displays on the PFD.	\$9,210	3.20
□604TAS	<b>GARMIN TAS</b> GTS800 Traffic Awareness System. A 360° zone of detection identifies other nearby transponder-equipped aircraft and vocalizes for specific traffic-spotting information. Uses Garmin's exclusive CLEAR CAS™ technology with up to 12 miles of active surveillance and ADS-B "In" capability.	\$14,520	11.54
□611	<b>GARMIN TAWS-B</b> The Garmin TAWS (Terrain Awareness and Warning System) is an optional feature to increase situational awareness and aid in reducing controlled flight into terrain (CFIT). TAWS satisfies TSO-C151b Class B requirements for certification. TAWS provides visual and aural annunciations when terrain and obstacles are within the given altitude threshold from the aircraft.	\$10,575	0
□612	<b>ARTEX 3 FREQUENCY ELT</b> Exchanges the standard Artex ME-406 2-Frequency (Non-Nav Interfaced) ELT. A three frequency ELT that transmits on the International Emergency Frequencies and the satellite frequency of 406 MHz. The ELT will transmit the aircraft information and position coordinates. Note: This system requires customer registration at time of delivery with NOAA for recognition of the 406 MHz transmission. May be required for country certification or operational requirements. <b>Purchaser must furnish 24-bit code provided by registering country's aviation authority.</b>	\$9,370	4.70

**NOTE: OPTIONAL EQUIPMENT AND VENDORS ARE SUBJECT TO CHANGE WITHOUT NOTICE.**

# OPTIONAL EQUIPMENT

		Price (USD)	Estimated Weight (lb)
□613	<b>JEPPesen CHARTVIEW ENABLEMENT CARD ONLY</b> ChartView resembles the paper version of domestic Jeppesen terminal procedures charts. The charts are displayed in full color with high-resolution. The MFD depiction shows the aircraft position on the moving map in the plan view of the approach charts and on airport diagrams. Available data includes domestic arrivals (STAR), Departure Procedures (DP), Approaches, Airport Diagrams and NOTAMS. <b>Requires Jeppesen Database Subscription Service. NOTE: The availability of the optional Jeppesen ChartView or standard Garmin Flight-Charts and SafeTaxi in electronic form does not preclude the requirement to carry paper charts aboard the aircraft. See AC 120-76A for more information.</b>	\$3,835	0
□629R	<b>GARMIN WX 500 STORMSCOPE</b> Weather sensor/processor uses external controller/display unit for control input and output display functions. Integrated with Garmin's G1000 MFD. Sensor detects electrical discharge activity up to 200 nautical miles through a dedicated antenna mounted on the bottom of the airplane, continuously acquiring electrical discharge data and self-testing functions to ensure accurate.	\$8,085	6.50
□632L	<b>GARMIN XM WEATHER AND RADIO DATA LINK (GDL-69)</b> The XM weather and radio data link provides weather information and digital audio entertainment in the cockpit. A subscription to the XM satellite radio service is required for the XM weather and radio data link to be used.	\$7,625	4.00
□687A	<b>GARMIN ADS-B OUT</b> The Extended Squitter Enabled GTX 33 provides the capabilities of Automatic Dependent Surveillance-Broadcast (ADS-B) technology, which improves situational awareness. With ADS-B capabilities, position, velocity, and heading information are automatically transmitted to other aircraft and ground stations. The current air traffic control system depends on a transponder request for pertinent aircraft information. ADS-B provides automatic transmission of aircraft information without a request.	\$1,940	3.10
□689K	<b>GARMIN SYNTHETIC VISION TECHNOLOGY (SVT)</b> Position sensors on the aircraft integrate with a high resolution terrain database to present synthetic terrain imagery on the Primary Flight Display. Flight information is overlaid to provide greater safety and situational awareness.	\$11,120	0

## OPTIONAL EQUIPMENT

		Price (USD)	Estimated Weight (lb)
□11SF	<b>SAFE FLIGHT SCc ANGLE OF ATTACK (AoA)</b> The Safe Flight SCc Angle of Attack (AoA) system is an accurate wing lift measuring and display system designed as aid to help the pilot achieve consistent takoff, climb, cruise and landing approach performance.	\$5,000	1.60
	<b>MISCELLANEOUS</b>		
□015C	<b>WHEEL FAIRINGS</b> Wheel Fairings are designed to reduce drag and provide a clean and streamlined look for operators wishing to increase speed and improve aesthetic appearance. The wheel fairings are made of composite materials and hold the classic tear drop design.	N/C	16.50
□35	<b>PEDAL EXTENSIONS</b> Pedal Extensions space the rudder pedals between two and three inches farther aft to aid access for shorter limbed pilots.	\$1,135	2.00
□46	<b>INFLATABLE SEATBELTS / AFT BENCH</b> Optional AmSafe seat belts incorporating airbags in the belts of the bench seat.	\$2,395	3.90
□85	<b>STABILIZER BOOTS</b> Installed on the leading edges of the horizontal stabilizers, stabilizer abrasion boots give protection to the horizontal stabilizer leading edges from debris.	\$635	2.20
□115A	<b>UTILITY INTERIOR</b> Vinyl Seat covers, Utility Grade carpet, ruggedized interior panels, door liners. All designed for more utilitarian service.	N/C	-7.00
□116	<b>INTERIOR UTILITY PILOT (PILOT SEAT ONLY)</b> Pilot seat features a vinyl seat cover. All other seats are removed. Utility Grade carpet, ruggedized interior panels, door liners. All designed for more utilitarian service.	-\$6,350	-152.70
□117	<b>INTERIOR UTILITY PILOT/COPILOT (CREW SEATS ONLY)</b> Pilot and Co Pilot Vinyl Seat covers. Seats 3, 4 and bench are removed. Utility Grade carpet, ruggedized interior panels, door liners. All designed for more utilitarian service.	-\$4,200	-115.80
□006A	<b>CARGO PACK</b> External, fuselage-mounted cargo pod provides an additional 16 cubic feet (.5 m3) and handles up to 300 pounds (136 kg) of payload.	\$23,095	35.00

**NOTE: OPTIONAL EQUIPMENT AND VENDORS ARE SUBJECT TO CHANGE WITHOUT NOTICE.**

## OPTIONAL EQUIPMENT

		Price (USD)	Estimated Weight (lb)
□19Q	<b>FLOAT PLANE</b> The addition of bolts and a brace to later accommodate a float installation.	\$5,230	3.60
□737L	<b>LUXOR II LEATHER SEATS (STANDARD)</b>	N/C	3.30
□737C	<b>LEATHER SEATS</b>	\$4,500	5.10
□881A	<b>AIR CONDITIONING</b> Thermacool Electric Air Conditioning System.	\$37,000	59.70
□91H	<b>OVERSIZE TIRES with FAIRINGS</b> Heavy duty Landing gear tires 8.00 X (6 ply), used with a 6.00 X 6 (6 ply) Heavy Duty Nose Gear tire. Fairings included.	\$4,370	35.00
□91J	<b>OVERSIZE TIRES without FAIRINGS</b> Heavy duty Landing gear tires 8.00 X (6 ply), used with a 6.00 X 6 (6 ply) Heavy Duty Nose Gear tire. Fairings excluded.	\$2,260	14.60

# FOREIGN CERTIFICATION

A charge of \$670 will apply for issuance of a standard international certification kit, which includes an Export Certificate of Airworthiness from the factory. Where foreign certification requires items beyond the standard international certification kit a country specific kit will be made available. These kits will include Export Certificates of Airworthiness from the Factory. At time of print, the Stationair is Certified for Operations within the following countries. Please contact your Cessna Representative for Kits not listed.

		Price (USD)	Estimated Weight (lb)

MAINTENANCE PROGRAMS

Price  
(USD)

- **CESSNA TECHNICAL INFORMATION**

Seller provides a complete system of manuals and catalogs for the operation and maintenance of the Stationair. All Cessna and related technical information is listed online at [www.cessnasupport.com](http://www.cessnasupport.com). Access to the site requires registration; however, registration is free to Cessna customers.

The Stationair will be provided with a Service Maintenance Manual, Illustrated Parts Catalog, Wiring Diagram Manual, Structural Repair Manual, Service Bulletins and Avionics Wiring Diagram on CD-ROM or DVD-ROM at no additional cost (including one-year of revision service).

N/C
- **CESSNA OWNER ADVISORY**

Cessna Owner Advisories provide owners of Cessna aircraft up-to-the minute information about mandatory and beneficial service requirements and the latest in product improvements. Cessna Owner Advisories are mailed automatically to owners of U.S. registered Cessna aircraft using the latest name and address provided to the FAA.
